### Rockmore Rock Drilling Tools

Successful rock drilling projects require exact planning and execution. Hard rock drilling applications often demand the advanced engineering, precision manufacturing and high-grade materials of Rockmore International rock drilling tools.

As a global manufacturer of drill bits, rods, and accessories, Rockmore International provides the highest quality tools that serve mining, construction, tunneling and quarrying projects from Asia to North America, and from the Alps to the Andes. Rockmore International's 75 years of renowned quality and responsive customer service will help boost your productivity, and provide you with cost-effective rock drilling solutions.

Rockmore International provides exceptional technical know-how in development, production and application. Our personnel understand your drilling needs, and have the service skills to recommend the right drill bits and accessories for the job.

If your application demands are unique, Rockmore International's experienced product developers will create the custom tools you require. Our development team introduces innovative products each year – tools that are rigorously tested in the field and proven to perform beyond industry expectations. Rockmore International is qualified in accordance with EN-ISO 9001.

### Rockmore

Erfolgreiche Gesteinsbohrprojekte und vor allem das Bohren in sehr hartem Gestein erfordern eine genaue Planung und Ausführung. Mit modernsten Produktionsmethoden, hochwertigem Qualitätsstahl und die dadurch erreichte höchste Produktqualität ist Rockmore International dafür Ihr richtiger Partner.

Als weltweit tätiger Hersteller von Bohrkronen, Bohrstahl und Zubehör beliefert Rockmore International Minen im Über- und Untertagebau, Steinbrüche und Bauprojekte im Bereich Infrastruktur und Tunnelbau von Asien bis Nordamerika, von den Anden bis zu den Alpen. 75 Jahre Rockmore International stehen für hervorragende Qualität und individuellen Kundenservice. Wir helfen Ihnen, optimale und kostengünstige Lösungen für Ihre Gesteinsbohrprojekte zu finden, die wesentlich zur Steigerung Ihrer Produktivität beitragen werden.

Die Techniker von Rockmore International verfügen über höchstes Know How in der Produktentwicklung, in der Produktion und der Anwendung. Unsere Mitarbeiter haben das technische Verständnis und die Erfahrung, um Ihnen für Ihre Anwendung jederzeit die richtigen Produkte empfehlen zu können.

Und sollten Ihre Anforderungen außergewöhnlich sein, finden wir eine außergewöhnliche Lösung - auf Ihren Wunsch entwickeln wir das individuell für Ihren Bedarf maßgeschneiderte Werkzeug. Unser Entwicklungsteam stellt jedes Jahr neue Produkte vor – innovative Werkzeuge, die im Einsatz erprobt und getestet werden, bis ihre Performance die Erwartungen der Anwender bei weitem übertrifft. Rockmore International ist nach EN-ISO 9001 zertifiziert.

## Rockmore

Les projets de forage de roche exigent la conception et l'exécution exactes pour être couronnés de succès. Les outils de forage Rockmore International, de fabrication de précision et de matériaux avancés de qualité supérieure, sont conçus à mener au succès vos projets de perçage de roche dure.

Comme fabricant mondial d'équipement de forage, Rockmore International fournit les tiges, taillants, accessoires et outils de qualité éprouvée qui servent les exploitations minières, les chantiers de construction, et les carrières, de l'Asie à l'Amérique du Nord, et des Alpes aux Andes. Avec 75 ans d'expérience d'approvisionnement de qualité renommée et de service sensible aux besoins des clients, Rockmore International vous aidera à amplifier votre productivité, et vous fournit les solutions économiques de forage de roche.

Avec Rockmore International, vous avez un partenaire avec le savoir-faire exceptionnel au niveau technique dans l'étude, la production et l'application. Notre personnel comprend bien vos besoins de perçage, et a l'expérience pour recommander les taillants et les accessoires appropriés.

Si vos exigences d'application sont uniques, les développeurs de produits de Rockmore International créeront les outils taillés sur mesure. Notre équipe de développement présente des outils innovateurs tous les ans – des outils qui sont rigoureusement éprouvés en situation réelle et qui dans leur performance excèdent les espérances de l'industrie. Rockmore International est qualifié selon EN-ISO 9001.

## Rockmore

Los proyectos de perforación de roca exigen una planificación exacta y cuidadosa a fin de garantizar su ejecución de forma exitosa. Especialmente en aplicaciones donde se hace necesaria la perforación de rocas de alta resistencia y dureza, las herramientas de Rockmore International utilizan en su manufactura principios de ingeniería avanzados combinados con una fabricación de alta precisión y de materiales de alta calidad.

Desde Asia hasta Norteamérica y desde los Alpes hasta los Andes, como fabricante a nivel global de brocas, barras y accesorios, Rockmore International suministra herramientas de alta calidad a fin de servir los proyectos en las industrias Minera, Construcción y Canteras. Los 75 años de renovada calidad y atento servicio al cliente de Rockmore International, le ayudarán a incrementar vuestra productividad mediante el suministro de soluciones efectivas en la reducción de los costos en la perforación de roca.

Rockmore International provee un excepcional asesoramiento técnico basado en un profundo conocimiento en el desarrollo, producción y aplicación de sus productos. Nuestro personal altamente capacitado entienden vuestras necesidades en perforación y tienen la capacidad técnica para recomendarles la broca y los accesorios más adecuados en vuestro trabajo.

Si vuestras necesidades y demanda de productos son únicas, los experimentados diseñadores de Rockmore International desarrollarán los productos especiales que vuestra obra requiera. Nuestro equipo de técnicos e ingenieros de diseño y desarrollo presentan todos los años nuevos productos e innovaciones; herramientas y nuevos conceptos que son rigurosamente probados en el campo y que con certeza rendirán más allá de las expectativas de la industria. Rockmore International esta certificada de acuerdo a la norma EN-ISO 9001.

# CERTIFICATE

## ISO 9001:2015

DEKRA Certification GmbH hereby certifies that the organization

### Rockmore Intl. GmbH

**Scope of certification:**

development, production and sale of rock drilling equipment,  
wage work for heat treatment and machining

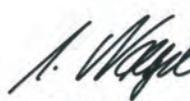

**Certified location:**

Collinstraße 2, 8750 Judenburg, Österreich

has established and maintains a quality management system according to the above mentioned standard. The conformity was adduced with audit report no. A20011012.

Certificate registration no.:	30515279/3	Certificate valid from:	2020-04-14
Validity of previous certificate:	2020-04-13	Certificate valid to:	2023-04-13

Language translation

Dr. Gerhard Nagel  
DEKRA Certification GmbH, Stuttgart, 2020-04-13

Integral rods Hex 22 (7/8") .....	6-7
Monoblockbohrer Hex 22 (7/8") / Fleurets monoblocs Hex 22 (7/8") / Barrenas integrales Hex 22 (7/8")	

## Integral part numbers

The ROCKMORE integral rod part numbers have been drawn up in line with international standards. It is a self-explanatory system in which each part number fully identifies the integral.

## Das Nummernschema der Bezeichnung

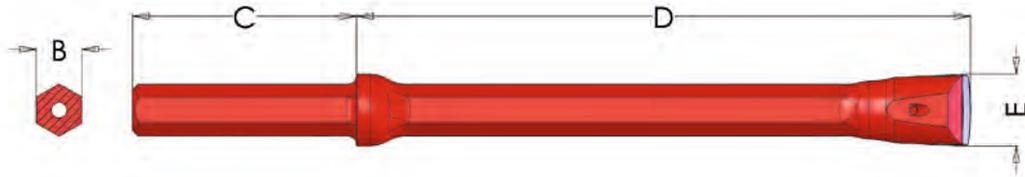

für ROCKMORE Monoblockbohrer ist nach dem internationalen Standard aufgebaut. Es handelt sich um ein "sprechendes Nummernsystem", bei dem jede Bestellnummer den gewünschten Bohrer eindeutig kennzeichnet.

## Système de numérotation du catalogue

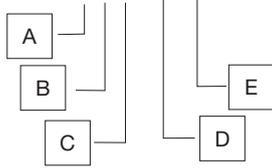

Le système de numérotation des pièces pour fleurets monoblocs ROCKMORE est établi selon une norme internationale. Il s'agit d'un système de numérotation »parlant«, grâce auquel chaque numéro de commande désigne clairement le fleuret.

## La codificación

De las barrenas integrales ROCKMORE responde al estándar internacional. Se trata de un "sistema numérico parlante", en el que cada número define claramente una característica de la herramienta en cuestión.
